

Deleting an S3 Bucket

This document lists the steps that you need to perform to delete an S3 bucket.

1. Before you proceed ahead with deleting an S3 bucket, you need to make sure that the bucket which you are deleting is empty. Click on **Amazon S3** as shown in the image below.

2. You will be redirected to S3 home page. Here you need to select the bucket that you want to delete and then click on **Empty** button as shown below.

Access S3-backed file shares on premises and reduce local storage costs using AWS Storage Gateway. [Learn more](#)

Amazon S3

Buckets (1) [Refresh](#) [Copy ARN](#) [Empty](#) [Delete](#) [Create bucket](#)

Buckets are containers for data stored in S3. [Learn more](#)

Name	Region	Access	Creation date
upgrad-s3-siben	US East (N. Virginia) us-east-1	Bucket and objects not public	January 13, 2021, 20:36:43 (UTC+05:30)

- A new page will appear, which will ask for your confirmation to delete all the objects present in the bucket. In the text field, you will need to enter **permanently delete** to confirm this and then click on **Empty** as shown below.

Amazon S3 > upgrad-s3-siben > Empty bucket

Empty bucket

Warning:

- Emptying the bucket deletes all objects in the bucket and cannot be undone.
- Objects added to the bucket while the empty bucket action is in progress might be deleted.

Permanently delete all objects in bucket "upgrad-s3-siben"?

To confirm deletion, type *permanently delete* in the field.

[Cancel](#) [Empty](#)

- Once you do so, a new page will appear with the prompt **Successfully emptied bucket <bucket name>**. The bucket has now been emptied and now you can delete this bucket. Click on the **Exit** button as shown below.

Successfully emptied bucket "upgrad-s3-siben"
View details below. If you want to delete this bucket, use the [delete bucket configuration](#).

Empty bucket: status Cancel Exit

The details below are no longer available after you navigate away from this page.

Summary

Source s3://upgrad-s3-siben	Successfully deleted ✔ 1 object, 66.0 B	Failed to delete 0 objects
